Practical Perl with CGI Applications

Elizabeth Chang

Practical Perl with CGI Applications Elizabeth Chang
This is a textbook that introduces readers to the basics of PERL programming. It is a teaching tool focused on concepts and programming skills rather than recipes for using PERL. This text teaches the Perl language and back-end web programming under the constraints and opportunities provided by HTML, HTTP and the CGI standard. This book can be used for self-guided study by individuals working as web developers or with a personal or professional interest in learning Perl or CGI.
