The True Mary Todd Lincoln: A Biography Betty Boles Ellison
This new biography provides a startlingly different picture of Mary Lincoln, President Abraham Lincoln's wife. Preconceived myths about the former first lady are factually disproved. At times her judgment was faulty; in other instances it was brilliant. After her 1861 refurbishing of the Executive Mansion, she made no further furnishings purchases, only replacement items. The furniture she purchased is still in use and the Lincoln bed is well known. Committed to an insane asylum by her only surviving son, she organized, while under constant scrutiny, her friends in a skillfully successful scheme to obtain her freedom and resume control of her life and money. Mary Todd Lincoln had a brilliant mind, a caring heart and an exuberant personality and she was, in every aspect, a true partner to Abraham Lincoln.
