How Class Works: Power and Social Movement

Stanley Aronowitz

How Class Works: Power and Social Movement Stanley Aronowitz
Although Americans like to believe that they live in a classless society, Stanley Aronowitz demonstrates that class remains a potent force. Defining class as the power of social groups to make a difference, he explains that social groups such as labor movements, environmental activists, and feminists become classes when they make demands that change the course of history.
“With *How Class Works* Aronowitz puts the subject of social class squarely on the intellectual agenda—though in a new, inclusive, and dynamic form. Like his influential *False Promises, How Class Works* is both intellectually exciting and morally challenging.”—Barbara Ehrenreich
“In *How Class Works* Aronowitz argues for the enduring vitality of the concept of social class as a way of understanding social relations. This is a significant contribution to social theory, an argument certain to be widely considered, debated, and tested.”—George Lipsitz, author of *American Studies in a Moment of Danger*
“An intellectually captivating book on a topic that remains as timely and significant as ever.”—Howard Kimeldorf, University of Michigan
