**The End of Exceptionalism in American Education: The Changing Politics of School Reform** Jeffrey R. Henig
Over the past fifty years, the “special status” of education decision-making has been eroded. Once the province of local and state school boards, decisions about schools and schooling have begun to emerge in every level and branch of government. In *The End of Exceptionalism in American Education*, Jeffrey R. Henig traces the roots of this tectonic shift in school governance. Carefully reasoned, astutely observed, and thoughtfully presented, this volume promises to become a classic work in our understanding of education policy—and an invaluable resource for those seeking to influence its future trajectory.
