His expository dictionary is a bestselling classic that has been popular with Bible scholars and students alike. But W.E. Vine includes all of Vine's known writings on biblical studies and theology, and they are available to a new generation.

Included are his commentaries on selected Bible books and insights on such topics as the person and work of Christ, the divine inspiration of the Bible, missions and Christian service, the Second Coming and the last days, the evolution theory in the light of Genesis, and much, much more. Also included is his self-study Greek grammar, a valuable tool for those who want to study the New Testament books in their original language.
