Excellence in the Stacks: Strategies, Practices and Reflections of Award-Winning Libraries (Chandos Information Professional Series)

Excellence in the Stacks details the philosophies, practices and innovations of award-winning libraries over the last ten years. It will inform the profession and highlight the themes and strategies these liberal-arts colleges share, and where they differ. Using the Association of Research and College Libraries Excellence in Academic Libraries Award standards as guidelines for exploring librarianship, this book gathers the perspectives of all types of librarians at all levels of employment. By highlighting winners' holistic approaches it helps define and focus the energies of college libraries in their pursuit of outstanding service and increased valuation by their parent institution.

- Content drawn from submissions from ten years of ACRL award-winning libraries
- Authors from varied roles (library directors to interning students) give readers a comprehensive snapshot, encompassing good practices from multiple levels of the profession
- Overlying theme of institutional excellence applicable to all aspects of international librarianship, and is also relevant to other academic organizations which serve student populations
