Wiley GAAP for Governments for Windows: Interpretation and Application of Generally Accepted Accounting Principles for State and Local Governments2000 Warren Ruppel
Governmental GAAP consists of all the promulgated accounting principles applicable to financial accounting and reporting. To understand the complexity of the Government Accounting Standards Board (GASB) statements, interpretations, technical bulletins, and certain AICPA statements of position, these pronouncements must be analysed and explained in straightforward language to allow those responsible for the preparation or auditing of financial statements to better understand the accounting principles. This volume serves as a research tool for use by state and local governments and their auditors to guide them through governmental accounting and financial reporting.
