Augsburg During the Reformation Era: An Anthology of Sources B. Ann Tlusty

"Sixteenth-century Augsburg comes to life in this beautifully chosen and elegantly translated selection of original documents. Ranging across the whole panoply of social activity from the legislative reformation to work, recreation, and family life, these extracts make plain the subtle system of checks and balances, violence, and self-regulation that brought order and vibrancy to a sophisticated city community. Most of all we hear sixteenth-century people speak: in their petitions and complaints, their nervous responses under interrogation, their rage and laughter. Tlusty has done an invaluable service in crafting a collection that should be an indispensable part of the teaching syllabus." --Andrew Pettegree, *University of St. Andrews*
