Food Plane Soup: The Desert Island Letters Ron-Luc Nickell
When the dot com bubble burst in the fall of 2001, the newly laid-off author spent three months on Grand Turk in the Turks & Caicos Islands of the British West Indies. This collection comprises the weekly email updates with which he entertained and stymied his audience back home. It follows his misadventures with backwardness and corruption in a colony no longer wanted by its rulers, dealing with the events of September 11 in a foreign country, and the imminent nervous breakdown which threatened his sanity and forced him back into "civilization."
