Easy come, easy go…until the heart gets involved.

English student and aspiring journalist Luke Corbin should be studying. Instead he's facing homelessness, thanks to the lover who's just kicking him out of their posh digs. It's not his first rejection—his father tossed him out at age sixteen—but Luke has no problem trading his favors for a home and security. Especially with rich, powerful, handsome men.

Except now, with finals bearing down, there's no time to be choosy. He needs a roof over his head and he needs it now. Even if it means settling temporarily for a geeky, less-than-well-off chemical engineer called Russell.

Luke's fully prepared to put out for the guy—because after all, in this world no one gets something for nothing. But Russell isn't just a nerd; he's an honourable nerd who wants to save himself for someone special.

At first Luke is annoyed, but the more time he spends with Russell, the closer he comes to a devastating realization. He wants to *be* that someone special. Except he's fallen for the one man he can't seem to charm…
