Generative Thought: An Introduction to the Works of Luigi Giussani Elisa Buzzi
The various contributors make clear the relevance of Giussani's thought to the North American and Western cultural and religious context. They point to an important element in all of Giussani's work - his proposal that the Christian Event is the answer to the deepest and most pressing questions in today's world. With his clear and vigorous awareness of the cultural, philosophical, and theological issues central to the contemporary debate, Giussani succeeds in making the truth of the Catholic tradition both reasonable and relevant.
