# Tear Down This Myth: How the Reagan Legacy Has Distorted Our Politics and Haunts Our Future

*Will Bunch*

George H. W. Bush's and Bill Clinton's rolling back of Reaganomics during the 1990s spurred a decade of peace and prosperity as well as the reactionary campaign to pump up the myth of Ronald Reagan and restore right-wing hegemony over Washington. This effort has led to war, bankrupt energy policies, and coming generations of debt.

With masterful insight, Bunch exposes this dangerous effort to reshape America's future by rewriting its past. As the Obama administration charts its course, he argues, it should do so unencumbered by the dead weight of misplaced and unearned reverence.
