Gardening in the Coastal South

Marie Harrison

Gardening in the Coastal South Marie Harrison
Take a stroll through the garden of a self-confessed hortimaniac. Gardening is Marie Harrison's avocation, passion...some might say, obsession. In her personal, witty style (she refers to her husband as Amiable Spouse, or A.S. for short), Marie divulges her own tried-and-true ways of gardening along the coasts of the southeast United States. Marie covers perennials, flowers grown from bulbs, herbs, shrubs and small trees, vines, edible flowers, and herbs for flower borders. A section of full-color photos captures these beautiful plants and flowers in all their vibrant glory. Charming pen-and-ink illustrations are sprinkled throughout the text. Marie discusses the edible and medicinal properties of various plants (there's even a quick or two!), as well as coastal considerations such as salt tolerance; environmental issues such as pesticide use, beneficial insects, and exotic invasives; and gardening for birds and butterflies. She also offers her musings on the seasons in Florida and how she spends her time in the garden during each phase of the year. Whether you're seasoned gardener like Marie or a tentative beginner just starting out with a windowsill herb garden, this delightful book will make you appreciate the dirt under your fingernails.

From reader reviews:

Manuel Thomas:

Here thing why this Gardening in the Coastal South are different and reliable to be yours. First of all looking at a book is good but it depends in the content than it which is the content is as yummy as food or not. Gardening in the Coastal South giving you information deeper since different ways, you can find any publication out there but there is no book that similar with Gardening in the Coastal South. It gives you thrill examining journey, its open up your eyes about the thing which happened in the world which is possibly can be happened around you. You can bring everywhere like in recreation area, café, or even in your method home by train. Should you be having difficulties in bringing the printed book maybe the form of Gardening in the Coastal South in e-book can be your substitute.

Dorothy Delarosa:

Reading a reserve tends to be new life style with this era globalization. With looking at you can get a lot of information that may give you benefit in your life. Having book everyone in this world can share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or maybe their experience. Not only the storyplot that share in the books. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors on this planet always try to improve their talent in writing, they also doing some research before they write to the book. One of them is this Gardening in the Coastal South.

Lynne Young:

Spent a free time to be fun activity to try and do! A lot of people spent their spare time with their family, or their friends. Usually they doing activity like watching television, planning to beach, or picnic in the park. They actually doing same task every week. Do you feel it? Will you something different to fill your own free time/ holiday? Might be reading a book may be option to fill your free time/ holiday. The first thing you will ask may be what kinds of publication that you should read. If you want to try look for book, may be the guide untitled Gardening in the Coastal South can be good book to read. May be it can be best activity to you.

David Baxter:

A lot of publication has printed but it differs. You can get it by internet on social media. You can choose the very best book for you, science, comic, novel, or whatever simply by searching from it. It is known as of book Gardening in the Coastal South. You can add your knowledge by it. Without making the printed book, it could add your knowledge and make you actually happier to read. It is most essential that, you must aware about publication. It can bring you from one location to other place.
