Research Methods: The Basics

Nicholas Walliman

Research Methods: The Basics Nicholas Walliman

Research Methods: The Basics is an accessible, user-friendly introduction to the different aspects of research theory, methods and practice. Structured in two parts, the first covering the nature of knowledge and the reasons for research, and the second the specific methods used to carry out effective research, this book covers:

- Structuring and planning a research project
- The ethical issues involved in research
- Different types of data and data quality
- Analysing and organising data to draw sound conclusions
- Writing up and displaying data in effective ways

@text:Complete with a glossary of key terms and guides to further reading, this book is an essential text for anyone coming to research for the first time, and is widely relevant across the social sciences and humanities.

From reader reviews:

Gary Cornejo:

Reading a e-book tends to be new life style with this era globalization. With reading you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can share their idea. Books can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or maybe their experience. Not only situation that share in the textbooks. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their skill in writing, they also doing some research before they write for their book. One of them is this Research Methods: The Basics.

Mark Cabrera:

Playing with family in a park, coming to see the water world or hanging out with pals is thing that usually you could have done when you have spare time, then why you don't try point that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Research Methods: The Basics, you may enjoy both. It is very good combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout people. What? Still don't buy it, oh come on its referred to as reading friends.

Billy Benitez:

Your reading sixth sense will not betray you actually, why because this Research Methods: The Basics publication written by well-known writer whose to say well how to make book which can be understand by anyone who also read the book. Written within good manner for you, dripping every ideas and producing skill only for eliminate your hunger then you still uncertainty Research Methods: The Basics as good book not simply by the cover but also by content. This is one e-book that can break don't determine book by its handle, so do you still needing another sixth sense to pick this specific!? Oh come on your reading sixth sense already alerted you so why you have to listening to an additional sixth sense.

William Matthews:

This Research Methods: The Basics is great publication for you because the content that is certainly full of information for you who else always deal with world and still have to make decision every minute. This particular book reveal it details accurately using great coordinate word or we can claim no rambling sentences inside it. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but hard core information with beautiful delivering sentences. Having Research Methods: The Basics in your hand like having the world in your arm, details in it is not ridiculous 1. We can say that no e-book that offer you world inside ten or fifteen small right but this book already do that. So , this can be good reading book. Hey there Mr. and Mrs. active do you still doubt in which?
