El propósito.Develando el Propósito de la Vida y el fin del Sufrimiento. (Spanish Edition) Jaime Larraín A.
¿Cómo ser feliz? no es la pregunta. ¿Cómo disipar el Sufrimiento para que aparezca la felicidad y la plenitud? es la pregunta. Desde el Modelo ECO (Elección Consciente desde el Observador), para la sanación y evolución, este libro nos señala un camino para identificar el dolor que se esconde tras el Sufrimiento y sanarlo desde su origen y, desde allí, diseñar un Propósito personal, más amplio que las innumerables metas que nos fijamos en la vida. En el libro anterior, Big Bang Sex, que configura la Trilogía, el autor nos plantea que la Evolución sí tiene un Propósito pero que de momento, nos dice, somos fetos evolutivos intentado respondernos las grandes preguntas sobre el Sentido de la vida, la Divinidad y otras preguntas filosóficas y teológicas. En este libro, al autor nos propone que la superación del Sufrimiento es realmente un pasaporte evolutivo y nos muestra un camino para salir del malestar y dirigirse al bienestar en este tránsito por la experiencia humana. Conocer el Modelo ECO le permitirá también un abordaje más profundo del tercer libro de la Trilogía, el Eneagrama ECO, que le posibilitará conocer el camino particular que cada una de las 9 tipologías de Personalidad tiene para salir del Sufrimiento.
