The RDA Workbook: Learning the Basics of Resource Description and Access: Learning the Basics of Resource Description and Access

Whether a library catalogs its own materials or not, librarians still need to have some understanding of RDA. Designed to be used by academic, public, and school librarians, this is the perfect introduction.

• Focuses on the new RDA rules and conventions and their implementation, particularly in smaller libraries where there are no professional catalogers

• Presents FRBR and other aspects of RDA's theoretical framework in understandable terms

• Features a step-by-step guide to creating bibliographic records for print and electronic books, videos, and other formats

• Includes quick guides, exercises, a glossary of terms, and a list of additional resources
